CITY COUNCIL HOLDS MEETING

Resolutions Passed to Investigate Alexandria Water Company.

APPOINT COMMITTEE.

Measures Introduced Providing For Sewer and Street Improvements in Different Sections of City.

The City Council was in session about an hour last night. The volume of business transacted was small and mostly of a general nature.

The most important measure before the boards was introduced by Mr. Smith in the Common Council. It related to the operations of the Alexandria Water Company. The measure is in the shape of preambles and resolutions concerning the service furnished the city, water rents, etc., and provide for the appointment of a committee of two from each board to make an investigation and appropriate $50 for defraying the expenses of the committee. The resolutions were passed by both boards. They will be found in full in the official proceedings of the Common Council.

Board of Aldermen.

The papers presented in the Board of Aldermen were of a routine character and did not bring on much debate.

The committees on light and finance had reported in favor of placing an arc light at the intersection of Princess and Union streets, and for removing the light at the intersection of Union and Wilkes streets to Wolfe and Union streets. The report had been adopted by the Common Council, but when it was read in the Aldermen Mr. Brill opposed moving the light from the foot of Wilkes streets, as did also Mr. Hill and Mr. Field. The Aldermen non-concurred in the action of the Comomn Council and recommitted the resolution to the committees.

The lower board non-curred in the action of the Aldermen and asked for a committee of conference. Messrs. Field and Fitzgerald were appointed on the part of the Aldermen.

The committee reported in favor of placing a light at Princess and Union streets and allowing the light to remain at Union and Wilkes streets. The report was adopted.

A petition of William Demaine & Son protesting against the placing of a moving picture show next to their undertaking establishment on King street, also a petition of sundry citizens against the placing of such a show on Columbus streets, between Wolfe and Duke, were received from the Common Council, that board having referred the petitions to the committee on general laws. The action of the lower board was concurred in although several members thought it was a matter that should not be brought before Council and that parties objecting to such places should wait until it was shown a nuisance was being committed and then resort to injunctions. Such enterprises, they said, would naturally be located on King street, and the city should offer some encouragement to parties who desired to spend money in the city. It was stated that in the case of the proposed moving picture show on the north side of King street, near Alfred, to which Messrs. Demaine & Son objected, the parties had paid $9,000 for the lot and that they proposed to erect a building to cost $8,000. Objectors it was further stated, should wait until the City Engineer granted the permit for such a structure before making protests.

Charles R. Clark presented a petition, which was referred to the committee on streets by the Common Council, asking permission to erect a garage at the northeast corner of Wilkes and Fairfax streets (the old Fendall homestead). The Aldermen concurred in the action of the Common Council.

The Aldermen concurred in the action of the Common Council on all other papers sent in.

Common Council.

Council held a brief meeting last night, but transacted a fairly large amount of business, some of it of considerable importance.

The committee on light recommended that arc light be not placed at the corner of Princess and Fairfax St which was agreed to.

The same committee recommended that a light be placed at the corner of Princess and Union Streets, and that the light at the corner of Wilkes and Union Streets be moved to Wolfe and Union Streets, An objection to this action was made by Messrs. Burke and Lambert, but after an explanation by Mr. Harrison chairman of the light committee, the recommendation was adopted. This later came back from the Aldermen, they non-concurring in the action of Common Council. A committee on conference was appointed and it was decided to place a light at the corner of Princess and Union Streets, and to refer the rest of the matter back to the committee.

Mr. Burke introduced a resolution authorizing Chas. R. Clark to place a galvanized iron automobile garage on the north side of Wilkes Street between Lee and Fairfax, which was passed.

Mr. Bryan offered a resolution appropriating $1000 to pay for plans and specifications for the proposed new High School Building and to cover the cost of supervising the work Mr. Bryan explained that this was offered by direction of the joint committee on schools and finance, and that it was the intention of the committee to have Mr. Dunn do this work. The committee wished this passed at once, but as there were not sufficient votes in Council to do this, only 11 members being present, it was referred to the appropriate committee to be reported at the next meeting.

A communication was received from Demaine & Son objecting to the erection of a moving picture theatre and bowling alley at 815 King St. The protest recited at great length the objection of the petitioners to having a place of amusement next to their property. The matter was sent to the committee on general laws, without discussion.

The property owners on Columbus Street between Duke and Wolfe also submitted a protest against the erection of a moving picture theatre for colored patrons on that square, this was also sent to the committee on general laws.

An ordinance to prevent the spilling of illuminating oils or gasoline on the streets of the City, and providing for proper spigots and guards on tank wagons laid over from the last meeting, was passed.

Notice was received from the City School Board that a vacancy existed on the board from the 3rd ward, due to the appointment of Dr. Wm. Smith as Postmaster. This was laid over and council gave notice that it would ask for an election at the next regular meeting.

Mr. Smith introduced a resolution relating to the water supply of the City, which recited that the water supply for fire purposes had been reported inadequate, that a difference of opinion existed between the Water Company and the City as to the obligation of the Water Company in increasing this water supply that the Charter of the Water Company is antequated and that the Water Company has violated this Charter Mr. Smith's resolution provided that a special committee be appointed to consist of two members of the Common Council and two members of the Board of Aldemen, to have full power to investigate both the quanity and quality of the water furnished, to summon witnesses,, and to administer oaths and to do every thing necessary for a full and complete investigation of the water service in the City of Alexandria. The resolution carried an appropriation of $50.00 for the expenses of the committee. The resolution will be found in full in another column.

The only members making any remarks on this resolution was Mr. Lambert, from the First Ward. He said that as a Director of the Water Company he would not vote but wished to make a statement of the Water Company's position. Mr. Lambert made lengthy defense of the Water Company, saying that the Company and its officers had the interest of the City always at heart and would do everything possible to improve conditions here. The resolution was adopted and the Chair appointed Messrs. Smith and Low the committee from Common Council.

A number of ordinances providing for the paving of streets and the laying of sewers that had been referred to the proper committees by the Board of Aldermen came before Council and in every instance the action of the Aldermen was concurred in.

ARMY PREVAILS IN ENGLAND

Seems British Government Does Not Mean to Crush Its Foes.

LIBERALS DIVIDED.

Labor and Radical Leaders Had, it is said, Demanded Settlement Once For All.

London, March 25.—The government must retain the right to use all the forces of the crown in Ireland and elsewhere to maintain law and order, but there is no intention to take advantage of this right to crush the political opposition to home rule in Ireland."

This statement, made to Brigadier General Gough and other officers who resigned their commands rather than serve in forcing home rule upon Ulster represents the extent of the government's surrender to the army in the conflict which has now developed into one of bitter class strife.

War Secretary Seely today made public the documents relating to the army's revolt against the coercion of Ulster. He revealed negotiations which has aroused labor and radical leaders to demand a settlement, once and for all, as to whether the King and the army or parliament is to make the laws. Indications are that even the liberal ranks are divided into the fight which is laid down on strictly aristocratic and democratic lines.

General Paget declared he preferred dismissal if ordered north, as he feared the men would refuse to move.

This was the real beginning on the struggle between the army and the government, which has thrown the country into political turmoil. Colonel Seely replied to General Paget's telegram, ordering the recalcitrant officers to the war office.

Reports of the resignation of War Secretary Seely, as a result of the compromise entered into with the army officers, were unconfirmed today.

Belfast, March 25.—Several persons were injured in a riot between Orangemen and Nationalists here early today. Stones were thrown and revolver shots fired. Leaders of the crowds were arrested.

TOUCHED WIRE WITH POLE.

Fourteen-Year-Old Will Killian Instantly Killed.

Newton, N. C. March 25—Fourteen-year-old Will Killian of the Maiden section, was killed Sunday afternoon by what appears to have been a thoughtless act. The Southern Power Company linemen were doing some work on the line, and of course the power was turned off at the time. During the morning Killian and some other boys were strolling along the right of way of the power company and he took a pole and was touching the wires. The power being off, this had no effect. About 5 o'clock in the afternoon, after the linemen had finished their work and turned the power on, the boys returned to the line. Not knowing that the current was on. Killian again took a pole and touched the wire and immediately the current ran through his body, killing him instantly.

He hung suspended in the air by the force of the electricity, while his companions ran for help. When they returned the boy was lying on the ground dead.

ARM BROKEN.

Doctor Walter A. Warfield had his right arm broken this afternoon while cranking his automobile on King Street, between St. Asaph and Washington. The accident was caused by a backfire.

INDORSEMENT MISPLACED.

Reason For Delay in Nominating Burch in Western District.

Washington, March 25.—It has become known that the apparent delay in nominating Thomas Burch, of Martinsville, to be United States marshal for the Western district, was caused through the loss of a large bundle of indorsements, which were forwarded to the Department of Justice, along with the recommendation for his appointment, signed by Senators Martin and Swanson. The papers which were apparently mislaid in the department somewhere have not been found, and another paper bearing the indorsement of most of the members of the Virginia delegation were filed with the department today.

It is now expected that the nomination of Burch, together with that of Richard H. Mann, of Petersburg, to be district attorney for the Eastern district, will be sent to the Senate today.

It is known that all of those nominated, with the exception of John Hart, will be confirmed at the same time towards the end of this week. Hart's nomination will probably be rejected, judging from the present indications. What move will follow that is problematical.

STUART TO VISIT BALTIMORE.

Virginia Troops May Also Attend "Banner" Celebration in Monumental City.

Baltimore March 25—Governor Stuart of Virginia and his staff, Mayor George Ainslie, of Richmond, and many of the Richmond City Council will attend "The Star-Spangled Banner" Celebration to be held here next September, was the assurance given Robert E. Lee secretary to Mayor Preston who called upon those officials in Richmond yesterday and presented invitations to the festivities.

Adj-Gen. W. W. Sales was interviewed by Secretary Lee. General Sale's said he was heart in favor of sending the Richmond Blues, the Richmond Howitzers and other companies of the State military to Baltimore in the event it did not interfere with the maneuvers being planned for the summer the exact date of which has not been decided upon.

Several members of the last General Assembly, who had not yet left the city, were seen by Secrtary Lee and they assured him that they would do everything they could on the part of the State toward boosting the national "Star-Spangled Banner" Centennial Celebration.

Secretary Lee left Richmond last evening for Baltimore.

LUMBERMEN FAIL.

Halifax Lumber Co., Inc, Declares it is Bankrupt and Asks For Receivership.

Norfolk, Va., March 25.—Declaring liabilities of $200,141.14 with assets listed at $165,000 the Halifax Lumber Co., Inc., of Norfolk, has filed a petition in voluntary bankruptcy in the United States District Court and asked for the appointment of a receiver to take over its affairs. The petition was filed by E. A. Billisoly, counsel for the corporation.

Judge Waddill has appointed Hammond Johnson and Robert W. Shultice receivers under bond of $15,000.

The Halifax Lumber Co., Inc., operates two large lumber manufacturing plants at Tunis, N. C., and owns large tracts of standing timber, and in many instances the land also, in Southampton and Nansemond counties, Virginia, and Camden, Bertie Hertford and Gates counties, North Carolina. The real estate holdings set out in the schedule of assets are valued at only $58,210, the figures indicating that some of these areas have been stripped of their most valuable timber. John H. Trant, of Portsmouth, is president of the corporation; and R. Lawrence Trant, also of Portsmouth, is the secretary and treasurer. It is said that they are the principal stockholders.

TORREON STILL HOLDING OUT

Villa Fails to Reach City to Fill Engagement With Staff.

SAID TO BE TRAPPED.

Last Night's Dispatches to the Effect That Constitutionalist Army Was in Torreon Premature.

El Paso, Tex., March 25.—Torreon has not yet fallen, according to the belief expressed here by careful observers of the situation around that stronghold of the Huertistas in northern Mexico.

General Francisco Villa did not take lunch yesterday with Gen Eugenio Benavides of his staff in a Torreon cafe, as he had promised; nor did he dine there. It is doubtful whether he will get into the city today.

The fact that Villa, after taking Gomez Palacio, was not able to proceed to Torreon, has caused Huerta sympathizers to suggest that perhaps the retreat of the Federals, reported in staff dispatches yesterday, was merely a feint by Gen. Refugio Velasco, federal commander, to draw Villa into a trap.

This, of course, is merely a speculation based on the fact that the rebels had to fight desperately in Gomez Palacio, after apparently taking that place.

Although the telegraph wires and the south were busy all night, it was asserted by rebel officials that not a line of news regarding the battle was coming, excepting that fighting was still in progress.

A report was circulated here and in Juarez last night that Torreon had surrendered to Villa, but this has not been confirmed. Gen. Manuel Choa, military governor of Chihuahua state, telegraphed to Villa and other officers on the battlefield for information, but he received no reply.

"Hammering away at Torreon," was the only information that could be obtained in constitutionalist circles in Juarez.

CALL TO METHODISTS.

Rev. J. W. Smith, Opening Conference Points to Opportunity.

Baltimore March 25—A strong call for the Methodist ministry to look forward to a more glorious chapter of its already glorious history was made last night by the Rev. J. W. Smith, in the opening sermon of the one hundred and thirtieth session of the Baltimore Annual Conference of the Methodist Episcopal Church South in St. Paul's Church West Fayette street near Carrollton avenue.

After telling of the mighty work done by Methodism in the past Mr. Smith brought home the ever pressing fact that the whole future life of the church depends on how it meets and grapples with the problems and the spirit of the present age.

Boy Kidnaps Self.

Philadelphia, Pa., March 25.—Twice within two days 15-year-old Julius Jacobson, of No. 807 Tinton street, New York, "kidnaped" himself, according to Captain of Detectives Cameron. On Monday instead of going to school as usual the lad went to Jersey City and from there wrote to his father that he was being held prisoner by two men until such time as $10,000 shoul be paid for his release. The letter set forth that the boy would be killed if the money was not at once paid.

Match Blows Up Sewer.

Chester, Pa., March 25.—A sewer gas explosion at Eigth and Morton Avenue late yesterday afternoon tore two large holes in the street, wrecked three sewr manhols and lifted the covers from thre esewers.

Mrs. Harry Bernard, who lives a half square distant, was washing dishes when the shock tore the kitchen sink from its fastenings and threw several dishes from her hands.

TAX BILL IS SIGNED.

Governor Approves Act Providing for Body of Ten for New System.

Richmond, Va., March 25.—Governor Stuart signed the tax commission bill late yesterday afternoon. The Governor was in conference yesterday morning for some time with Speaker Cox and Lieutenant-Governor Ellyson, but no announcement was made as to the personnel of the commission. It was stated that the list would probably not be completed until Saturday.

The bill approved by the Governor sets forth in its preamble that it has become necessary that there be a careful and thorough revision and amendment to the existing laws for the assessment and collection of taxes and other revenues of the Commonwealth; that it is seriously questioned whether the present system of taxation is the one best adapted to conditions as they now exist in this state, and that it is impossible at the regular sessions of the General Assembly, with due regard to other matters, to give the subject the thorough consideration which its importance demands.

The bill provides for a joint commission of ten members, to be made up of four members of the House of Delegates to be named by the Speaker, three members of the State Senate to be named by the Lieutenant-Governor, and three members at large to be named by the Governor.

The joint commission is charged with the duty of considering the various systems of taxation, and to report to a special session of the General Assembly two or more alternate plans with its recommendations. The commission is to organize as soon as possible after its appointment, and may employ such clerks and stenographers as may be necessary. Members of the commission will draw $8.33 per day and mileage.

As soon as the commission has prepared its report with accompanying bills, which must be not later than November 1, of this year, it is to report to the Governor, who is requested in the bill to call a special session of the General Assembly to meet not later than the first Wednesday in January, 1915, to consider the report and enact such laws as may be necessary or expedient for the purpose of carrying it into effect. At the time of its report to the Governor the commission is to mail copies of its report to all state officers, judges, clerks, Commonwealth attorneys, supervisors, mayors, city attorneys, treasurers and similar public officials, to the end that full publicity may be given to the matter before the special session convenes. The bill carries an appropriation of $30,000 for the salaries and expenses of the special commission.

While no word has been given by the three appointing officers as to their selections, there has been much speculation, and many slates have been made. The Governor and the presiding officers of the two houses have had a number of conferences with a view of harmonizing their lists of appointments and seeing that every section of the State is represented.

NORFOLK'S "WORST SALOON."

Preacher Defines it as Private Refrigerator and Women's Punch Bowl.

Norfolk, Va., March 25.—"I believe I have located the worst saloon in Norfolk, and it is the private refrigerator," said Rev. J. J. D. Hall, superintendent of the Galilee Rescue Mission at Philadelphia, in an address Monday, at the Granby Theatre at the Lenten services of the Brotherhod of St. Andrew. "It is the worst saloon in Norfolk, it ought to be pulled and I hope it will be," he said."

"The private refrigerator, along with the ladies' punch bowl is one of the rock beds of the liquor traffic," said the minister. "The punch bowl is one of most pernicious institutions, and I would like to punch the bottom out of every one of them and let its contents into the sewer, where it belongs."

An entertainment will be given by the Trinity M. E. Junior League on Thursday evening March 26, at 7:30 o'clock. An offering will be taken at the door.

RELIC OF OLDEN TIMES

Sale on 18th Proximo at Site of Old Pioneer Mills Recalls Reminiscence

The sale of the manufacturing plant of the Emerson Engine Company, at the foot of Duke street, will take place Saturday, April 18. The sale will be virtue of a decree of the Circuit Court for the city in the chancery causes of the Central Metal and Supply Company vs. the Emerson Engine Company.

The plant of the company was placed some years ago on the site of the Old Pioneer Mills, long an old landmark of Alexandria.

The Pioneer Mills were constructed in the early fifties and until the breaking out of the civil war a fine brand of flour was turned out of the mills. They were fitted with machinery which at that time was regarded as modern, and the demand for wheat by this plant made Alexandria a grain market.

During the civil war army biscuits were ground at the mills and some time after the close of hostilties it was used by the late George Y. Worthington, J. T. Beckham and other commission merchants.

The city of Alexandria for many years had a large claim upon the property for taxes, and in 1892 the Deis Manufacturing Company, of Canal Dover, Ohio, made an unsuccessful attempt to induce the city to turn the building over to its representatives and to pay for the removal of the machinery of their planning mill to this city. The Common Council granted the request, but the Board of Aldermen refused to concur. The Deis Manufacturing Company the same year located their plant at New Alexandria. It was destroyed by fire December, 1892.

The Pioneer Mills remained dormant for many years, and during a tornado, September 29, 1896, it was badly damaged, and in June, of the following year it was given its coupe de grace by fire.

A few years ago the Emerson Company constructed its plants on the old site.

DEATH OF WM. H. TREAKLE.

Well-Known Resident of First Ward Passes Away After Lingering Illness.

William H. Treakle, who had been confined to his home on Lee street, between Wilkes and Gibbon, for several months by illness, died at an early hour this morning. The deceased was 59 years old. He was the oldest son of the late William H. Treakle, for many years a pilot on the river. He is survived by two brothers—James and Norman Treakle.

The deceased was a tinner by occupation. In early life he became a member of the First Baptist Church, and always acted well his part as a consistent Christian and a model citizen.

Mr. Treakle was also a member of the Alexandria Council, Order Fraternal Americans, and the Columbia Steam Fire Engine Company.

Alexandria Council, Order Fraternal Americans, will meet tomorrow night to make arrangements for attending the funeral.

FOR LOWER WATER RENT

Resolution Introduced Providing For Investigation of Water Supply and Rates in This City

Another movement has been precipitated looking to an investigation of water conditions in Alexandria, the service at present furnished the fire department, the annual water rents, etc.

Councilman Howard W. Smith last night introduced in the Board of Aldermen a series of preambles and resolutions having this object in view, and appropriating $50 for expenses of a committee of four—two from each board of the City Council. The resolutions were passed by both boards, and Messrs. Ogden and Ballenger were appointed on the part of the Board of Aldermen, and Messrs. Smith and Low in the Common Council.

This is not the first time measures looking to the investigation of the Alexandria Water Company have been launched. In the latter part of the nineties the late Mayor George I. Simpson sent a message to Council recommending that steps be taken towards bringing about lower rates in Alexandria.

PROPOSED BOND ISSUE.

Meeting Called Tonight in Alexandria County to Consider Matter.

State Senator R. E. Thornton, of Fairfax; Delegate J. Fred Birrell, of Alexandria; F. S. Swindell, of Ballston, and possibly Representative C. C. Carlin will address the mass meeting at Alexandria county courthouse tonight under auspices of the County Service Association. This meeting is called to indorse the bonding issue now before the county and to form plans to bring the matter before the people in a special election in the near future.

The county supervisors, the superintendent of schools, and members of the school board of the three districts are expected to be present.

A committee of which Lloyd T. Everett is chairman, will make a report as to result of their visit to the officials of the Rosslyn Gas Co., seeking better gas supply in the county. The reception committee for the speakers is composed of Charles Rauscher, George H. Rucker, A. D. Torreson, Judge R. G. Finney, R. C. L. Moncure and Frank Lyon.

EXHIBITION DRILL.

Canton Alexandria, No. 1, I. O. O. F., wil visit the fair of the American Indian Guards tomorrow night and give an exhibition drill. The members of the Canton will be met at the Alexandria Light Infantry Armory by the Guards' Band and escorted to Odd Fellows' Hall where the fair is being held.

DR. SMITH RESIGNS.

Dr. William M. Smith, president of the city school board, has resigned his position because of his appointment as postmaster of Alexandria. At last night's meeting of the City Council a communication was read from H. D. Kirk, clerk of the board, asking Council to elect his successor.

DENY TRUTH OF REPORT.

Washington, March 25.—Secretary Daniels has conferred with A. L. Hopkins, president, and Homer L. Ferguson, manager of the Newport News, Va., Shipbuilding Company concerning reports reaching the navy department that representatives of the company had sought to influence Lieut-Commander Charles P. Huff, in his inspection of the battleship Texas, while that vessel was in course of construction. Both officials vigorously denied there was truth in the report. The report will be continued tomorrow.

NEWS OF THE OLD DOMINION

$5,000,000 CHARTER GRANTED.

Virginia Licenses Canada Copper Co. Which Will Have Headquarters Here.

Richmond, Va., March 25.—A $5,000,000 charter was yesterday granted by the State Corporation Commission to the Canada Copper Corporation Limited, the headquarters of which are to be located in Richmond. Under the provisions of its charter the corporation may acquire a maximum of land in Virginia not exceeding 500,000 acres. The State received a check for $600 for issuing the charter. The officers of the company were named as follows: A. D. Christian, president; H. H. Chalkley, secretary; Ernest B. Flippen, treasurer, all of Richmond. The directors include the officers already named, with these additions: E. R. Williams and Thomas B. Gay, both of Richmond.

RICHMOND FAVORED.

Washington Believes This City Will Get Reserve Bank.

Washington, March 25.—It is generally expected that the Federal reserve organization committee, within the next two or three days, will name the Federal reserve cities, and it is the general belief here that Richmond will be one of those named.

Every possible means is being used to keep the committee's decision a perfect secret, and it is intended to make the committee's plans public to all concerned at the same time. Efforts of newspaper men and bankers to learn as much as one of the proposed reserve cities have met with rebuffs from the members of the committee.

At the request of Congressman Carter Glass, Senator Owen recently had a personal interview with both Secretary Houston and Secretary McAdoo, members of the committee, in which he urged them both carefully to consider the claims of Richmond for a regional reserve bank.

Shoots Himself in Back of Head.

Fredericksburg, Va., March 25.—R. C. Bedford, a well-known liveryman and horse dealer, was found dead in his stable Monday morning with a pistol shot in the back of his head, having committed suicide sometime between 1 o'clock Sunday night and 6 Monday morning.

His body was discovered by one of his workmen. Ill health and financial reverses are thought to be the cause for his deed. He is survived by his second wife, who was Mrs. Rebecca Jones, of Richmond county, and one son, Robert, aged fourteen, by his first wife.

Relatives have started at New York to break the will of Mrs. Minnie Hackett Trowbridge, more than one million being involved.

Loan Shark Bill Signed.

Richmond, Va., March 25.—Governor Stuart yesterday afternoon signed the "loan shark" bill, which puts out of business concerns which have for years been extorting money from the poor and unfortunate.

The bill does not in any way affect the "Morris" plan for banking, which is nothing more nor less than a system for making small loans to persons whose needs are pressing and sudden, receiving therefor a larger rate on interest that is allowed to the banks which do a general banking and loan business.

May Help You if Lungs Are Affected

Proper diet, fresh air and temperate habits are beneficial to persons suffering from Lung Trouble; but in a great many instances reports show that the addition of a medicine for this affection has materially helped in bringing about recovery. For more than fifteen years Eckman's Alterative, a medicine for Throat and Lung Troubles, has accomplished good results. Read what it did in this case:—

Madison Lake, Minn.

"Gentlemen: In December, 1908, March, 1909, and September, 1909, I was taken with hemorrhages of the lungs which confined me several weeks, each time to my bed. My doctor advised me to go West. In November I started for Denver, Col. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alterative. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 155, my normal weight. I thank God and your Alterative for my health."

(Affidavit) PAUL L. FASNACHT.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

COMMEND HEROIC ACT.

Engineer Who Prevented Wreck, Now Suffering From Injuries.

Richmond, Va., March 25.—James F. O'Brien, of 700 West Thirty-second street, Woodland Heights, an engineer of the Atlantic Coast Line Railway, who was badly scalded about the face and feet Saturday night when the crown sheet of the boiler of an engine blew off told his experience of the accident yesterday.

When the crown sheet blew off, the engineer broke the cabin window glass with his gloved hand, and crawling through the space remained on top of the cab until the escaping steam cleared away sufficiently for him to apply the emergency breaks. His act of remaining on the cab while scalded and then stopping the engine was highly commended by other engineers.

Dr. M. P. Rucker, the attending physician, believes his patient will fully recover. Mr. O'Brien is suffering from nervousness more than from injuries. His feet were badly scalded, while the escaping fire from the boiler burned his moustache and parts of his face. Two negro firemen, who were blown from the cabin, are now in a local hospital.

Mr. O'Brien has been an engineer for thirty-six years, and is regarded as one of the most careful engineers on the Atlantic Coast Line Railroad. His act in applying the emergency brakes prevented a wreck of the passenger train being pulled by the locomotive from which the crown sheet was blown.

BOYS ADOPT RURAL LIFE.

Farms Free and Happier That Cities and Towns, They Contend.

Farmville, Va., March 25.—In every school house in Prince Edward county, Va., a placard containing a creed for the American county boy and dedicated to the Boys' Corn Club of Virginia has been posted. It reads:

"I believe that the country which God made is more beautiful than the city which man made; that life out of doors and in touch with the earth is the natural life of man. I believe that work with nature is more inspiring than work with the most intricate machinery.

"I believe that the dignity of labor depends not on what you do, but how you do it; that opportunity comes to a boy on the farm as often as to the boy in the city; that life is larger and freer and hapier on farm than in the town; that my succes sdepends not upon my location, but upon myself; not upon my dreams, but upon what I actually do; not upon my luck, but upon pluck.

"I believe in working when you work and playing when you play, and giving and demanding a square deal in every act of life."

Three children of Mr. and Mrs. Burt Ely, of Mount Pleasant, Nebr., were burned to death early yesterday in a fire which destroyed their home.

Holland to Have Opposition.

Norfolk, Va., March 25.—Congressman E. E. Holland, representative from the second district, will probably be opposed for renomination. There are several prospective candidates in the field, including George C. Cabel, John N. Sebrel, Jr., J. Davis Reed, of Portsmouth, and State Senator J. E. West, of Suffolk.

SHE DENOUNCES WILSON.

Miss Mattie Tyler, Descendant of President, Resents Loss of Postoffice.

Norfolk, Va., March 25.—Severe in denouncing the men she claims responsible for having her removed as postmistress at Courtland, Va., Miss Mattie Tyler, granddaughter of John Tyler, tenth President of the United States declared yesterday that she is the victim of politicians.

She called President Wilson a "political trickster," and was equally complimentary concerning Postmaster General Burleson.

"I am going to write to Theodore Roosevelt," she said, "and ask him to print a cartoon in his paper showing on one side the State of Virginia erecting a $10,000 monument to the memory of John Tyler and on the other Postmaster-General Burleson kicking his granddaughter out of office.

"My troubles are caused by politicians. I have lost $300 a year for 16 years simply because people opposed to me holding office would not mail their letters in the postoffice. They put them on trains."

When asked why she did not try to make friends of those who opposed her, she said:

"A Tyler never surrenders. They are not that sort. From my ancestor, old Wat Tyler, who lost his life defending his rights to myself, the Tylers have had every office under the government and have come out of every one of them with clean hands and pockets."

The postoffice at Courtland is a one-story frame house. Miss Tyler eats sleeps and works in the building. It is her property. She says if she is not retained as postmistress she wil not permit the government to use the structure.

"It has taken 49 years to decide to mark the grave of my grandfather and 20 years to get me out of office. But they have got me at last."

Citizens of Courtland who opposed Miss Tyler declares they are not antagonistic to her. They say they would be glad to see her given a pension. They say the town is growing and the service Miss Tyler has been giving is poor. They want a man put in charge of the office.

Miss Tyler, on account of her age, was barred from being an applicant in the civil service examination that resulted in B. A. Wiliams being named to succeed her. Miss Sadie Cole, a native of New York, made the highest average, but the citizens of the town brought pressure to bear on President Wilson, so the appointment went to Williams. Miss Cole, it is reported, intended keeping Miss Tyler in office in some capacity had she been given the appointment.

The case may reach Congress, since the friends of Miss Tyler in this State and elsewhere have taken an interest in the fight.

John Brown Juror Dead.

Fairfax Court House, Va., March 25.—William Martin, eighty-three years old, the last surviving member of the jury which tried John Brown for his famous raid at Harper's Ferry, died Monday morning at his home in Chantily, Fairfax county.

BAD COOKING FIGURES IN TRAGEDY.

It has ever been allowed that bad cooking has caused many family jars, but heretofore on such occasions the masculine gender has figured as brutes when ill-prepared dishes have been placed before them, and overt acts have followed. David Copperfield had his Dora, and the latter's culinary failures are often repeated by others, and while the great majority of men patiently suffer, as did Copperfield, it seems that the opposite gender are more affected by spoiled dishes than their liege lords

An uninviting lunch of frog's legs is said to have been responsible for the shooting of Editor Calmette by Mme. Caillaux in Paris last week.

It has become known that Mme. Caillaux set out on her desperate errand after lunching on badly-cooked frogs' legs and macaroni au gratin She told Magistrate Boucard when rearraigned before him that the failure of her lunch had irritated her and her testimony on this point indicated how slight things will upset the delicate nervous system of a society woman and cause her to lose her perfect mental balance.

Frogs' legs and macaroni au gratin form the essential portion of Mme. Caillaux's special dietary and her cook, being under notice to quit the luncheon suffered accordingly. A few hours later Mme. Caillaux emptied six chambers of her revolver into the body of Gaston Calmette.

Ever since she has been in St. Lazare Mme. Caillaux has ordered frogs' legs and macaroni daily.

AN OMINOUS PRECEDENT.

It is a recognized fact that the British army has emerged triumphant in the late issue concerning the troubles in Ulster. The English government was forced to back down when officers refused to fight against the Ulsterites. This example is likely to prove far-reaching, and is a sign of the times. Without expressing any opinion as to whether or not they were right in the stand they took, the fact remains that Brittannia has found herself in a position similar to that of Rome when nearly every move the government made was subject to the affirmation or rejection of the Pretorian Guards.

If the British government has been forced to give way to its army on one occasion, a precedent has been set, and there is no telling how soon King George may find himself a mere puppet in the hands of his troops.

The crews of a number of English men-of-war, under the leadership of Richard Parker, refused to perform duty many years ago. The mutiny was subsequently subdued and Parker was courtmartialed and hanged. The officers under the present King George who refused to carry out the orders of the government, instead of being hanged, are posing on dress parade.

FORCED TO WED PRIEST.

Pittsburgh Girl Says Her Brothers Menaced Them With Revolvers at Marriage.

Pittsburgh, March 25—In a statement issued through her attorneys yesterday Mary Christina Moran declared that she and the Rev. Miles M. Sweeney, the rector of St. James' Catholic Church, at Sewickley, had been forced to go through a marriage ceremony in Wellsburg, W. Va., on January 28, while her three brothers menaced them with revolvers hidden in their pockets. Up until yesterday the young woman had declared there was no truth in the report of the marriage.

In her affidavit she says, in part:

"My brothers, Daniel J., Frank B., and R. Emmet Moran, all living in Hammond, Ind., came to this city January 26, and coming to my room at midnight broke in and beat and choked me.

"The next morning my brothers forced me into a motorcar and with them I went to Sewickley to see Father Sweeney. Threatening Father Sweeney with their revolvers, my brothers forced him to get into the car and then we returned to my home in Pittsburgh.

"That evening Father Sweeney was told that unless he married me his brains would be blown out. They also kicked and beat Father Sweeney unmercifully. Besides revolvers, my brothers had long steel spikes, knuckles and chloroform.

"The next morning Father Sweeney and I were forced into an automobile and taken to Wellsburg W. Va., where Dan secured the marriage license. We were then taken to the residence of the Rev. Francis M. Biddle who married us, while my brothers menaced us with their weapons hidden in their pockets."

Annie S. Carrick Amiss, Complainant.
vs.
James C. Amiss, Defendant.

IN CHANCERY.

An affidavit having been duly made, as required by law, that the defendant is a non-resident of the State of Virginia, and that he cannot be found within the jurisdiction of this State, and the sergeant having made a return upon the original process or summons issued herein that the defendant is a non-resident of his bailiwick, and application having been duly made in open court for an order of publication against said defendant to appear and answer a bill in chancery filed by the complainant against the defendant for an absolute divorce on the grounds of wilful and voluntary desertion and abandonment for more than three years prior to the institution of this suit, and an order of publication having been duly granted in open court, it is therefore ordered that said defendant do appear here within 15 days after due publication hereof to answer the suit of complainant against the defendant for an absolute divorce on the grounds of wilful and voluntary desertion and abandonment for more than three years prior to the institution of this suit, and to do what may be necessary to protect his interest in this suit. And it is further ordered that a copy of this order be published once a week for four successive weeks in the Alexandria Gazettte, a newspaper published in Alexandria city, Virginia, and that a copy be sent by registered mail by the clerk of this court to the last known place of address, residence and abode of defendant, to-wit: Washington, D. C., and United States Navy Supply Ship Culgoa, as stated in the applicaton for this order of publication which shall be certified by the clerk to this court, and that a copy be posted at the front door of the Court House of this court on or before the next rule day of this court.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

TRUSTEE'S SALE OF AN UNDIVIDED ONE-HALF INTEREST OF A CERTAIN FARM IN THE COUNTY OF ALEXANDRIA, STATE OF VIRGINIA, LOCATED NEAR CLARENDON.

By virtue of a certain deed of trust recorded in Deed Book 136, page 150, of the Land Records of the County of Alexandria, State of Virginia, default having been made in the payment of the debt secured thereby, the undersigned trustees will offer for sale at public auction in front of the premises at 5 o'clock P. M., on

THE 28th DAY OF MARCH, 1914,

an undivided one-half interest in the following property situated in the county of Alexandria, in the State of Virginia, containing 25.536 acres of land described as follows:

Beginning at a stone mentioned in the plat of survey made by George E. Garrett, County Surveyor, February 15, 1905, and filed in Court in the suit of Birch et al., vs. Alexander et al., in the Circuit court of Alexandria County, in the State of Virginia, and also recorded in the Land Records of said County, said stone being described in plat survey as "Stone—at angle in Hunter & Taylor B'd'y'l" and running thence southwestwardly 1379.08 feet to the point "S" said "S" being described in said plat of survey as "Stone—corner as claimed by Birch;" thence running northwestwardly 816.14 feet to the point described in said plat of survey as "E"; running thence 76 degrees 35 1-2 minutes East, 1420.18 feet; and running thence South 15 degrees 15 minutes East, 775.5 feet to the point of beginning, being the area marked "D" on said plat of survey.

This interest will be sold subject to an existing indebtedness of five thousand ($5,000) dollars, secured by a first deed of trust upon said property. Terms of sale, all cash. The terms of sale must be complied with in 30 days after the day of sale, otherwise the said undivided interest will be resold at the risk and cost of the defaulting purchaser, after ten day's re-advertisement thereof. A deposit of two hundred and fifty ($250) dollars will be required at the time of sale. Taxes and all other charges against the property will be adjusted to the date of the transfer of the title to the purchaser, the title to be good or otherwise the sale will be declared off, and the deposit refunded to the purchaser. All costs of conveyancing, Notary fees, and other costs attending the transfer of the title shall be borne by the purchaser.

There is a Great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World, Because—

First—No one but the makers of Tuxedo is willing to spend the money necessary to buy the mildest, choicest, most thoroughly aged, selected Burley tobacco.

Second—No one but the makers of Tuxedo knows how to treat this Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have been born, and are clamoring for your patronage.

No imitation is ever as good as the original. No amount of advertising, no amount of bluster and bluff, can ever make an imitation tobacco as good as Tuxedo.

If you are not a pipe smoker, you are denying yourself the greatest smoking pleasure known to man. One week of Tuxedo will give you more enjoyment than you have ever had—and at the end of the week your nerves will be better and your general health will have improved. *Try Tuxedo this week!*

BOARD OF ALDERMEN.

At a regular meeting of the Board of Aldermen of the City of Alexandria, Va., held March 24, 1914, there were present:

F. F. Marbury, Esq., president, and Messrs. Hill, Brill, Ballenger, Ogden, Field, Fitzgerald and Summers.

An ordinance to prevent the spilling of illuminating oil and gasoline in the streets of the city of Alexandria was read the second and third times and passed by the following vote: Ayes, Messrs. Hill, Brill, Ballenger, Ogden, Field, Fitzgerald and Mr. President—7. Noes, none.

Resolutions appropriating $2,000 to extend the northwest sewer from Pendleton to Wythe street on Alfred; appropriating $1,900 for the construction of a broken stone roadway on Fairfax street from Oronoco to Montgomery street; appropriating $1,350 for a pipe sewer on Pendleton street from Alfred to Columbus street and half square north and south on Columbus street; appropriating $1,300 for a pipe sewer on Wythe street from Alfred to Columbus and a half square north and south on Columbus street; appropriating $700 to improve with cobblestones Oronoco street from Washington to St. Asaph street; appropriating $700 to improve with cobblestones Oronoco street from St. Asaph to Pitt street, and $900 for improving Fairfax street from Princess to Oronoco street, were referred to the Committees on Streets and Finance.

A report of the Committee on Streets recommending that the city furnish the Mutual Ice Company with cobblestones, bricks and curbing for improving Cameron street from Union to the wharf of said company was adopted.

A bill for $2.48 for supplies purchased by the health department was referred to the Committee on Finance and Health.

A report of the Committee on Light and Finance recommended arc light be placed at the intersection of Princess and Fairfax streets and that the light at Wilkes and Union streets be removed and placed at the intersection of Wolfe and Union streets was received from the Common Council. The Aldermen non-concurred in their action and recommitted the resolution to the Committees on Light and Finance. The Common Council adhered to their action and asked for a committee on conference. Messrs. Field and Fitzgerald were appointed. The committee reported in favor of allowing the light to remain at Wilkes and Union streets, and that a light be placed at Union and Princess streets. The report was adopted.

The following were received from the Common Council and their action concurred in:

Adverse report of the Committee on Light and Finance on a resolution for placing an arc light at Princess and Fairfax streets.

Resolutions providing for the appointment of a committee of two from each board to investigate the water supply furnished by the Alexandria Water Company, rents, etc. (Messrs. Ogden and Ballenger were appointed on the part of this board.)

Petition of Wm. Demaine & Son, protesting against the placing of a moving picture show next to their undertaking establishment on King street.

Petition of sundry residents protesting against placing a moving picture show on Columbus street, between Duke and Wolfe.

Resolution appropriating $1,000 for plans and specifications for a new high school building.

Petition of C. R. Clark for permission to erect a garage at the northeast corner of Wilkes and Fairfax streets.

Communication of Harry Kirk, clerk of the School Board, announcing a vacancy in that board caused by the resignation of Dr. W. M. Smith.

The Board then adjourned.

COMMON COUNCIL. OFFICIAL.

At a regular meeting of the Common Council of the City of Alexandria, Va., held March 24, 1914, there were present: R. D. Brumback, president; and Messrs. Spinks, Leadbeater, Lambert, Smith, Williams, Harrison, Low, Bryan, Burke and Chauncey.

The committee on light reported adversely on a resolution to place an arc light at the corner of Princess and Fairfax street, and the report was adopted. The resolution was returned from the Board of Aldermen non-concurred in, and recommitted to the joint committee on light and finance. Council receded from its previous action and concurred in the Board of Aldermen.

The joint committee on light and Finance reported in favor of an arc light at the corner of Princess and Union street and the removal of the light at the corner of Wilkes and Union streets, to the corner of Wolfe and Union streets, and the report was adopted. The report was returned from the Board of Aldermen non-concurred in and recommitted to the joint committee on light and finance. Council non-concurred in the action of the Board of Aldermen and adhered to its previous action. Messrs. Harrison and Smith were appointed a committee of conference. The committee of conference reported in favor of an arc light at the corner of Princess and Union streets, and the report was adopted.

The following resolution was unanimously adopted and Messrs. Smith and Low were appointed a special committee on the part of the Common Council:

Whereas it has been reported to the City Council through the Fire Department that the water supply at certain points in the city is insufficient and inadequate, and that the Alexandria Water Company asserts that it is only obligated by its charter to furnish the city such water as may be in its mains and denies that it is obligated to furnish the city an adequate supply of water;

And whereas there is much complaint among the patrons of said Water Company as to the quantity and pressure of the water supply and the rates charged therefor;

And whereas the charter of said Alexandria Water Company is believed to be antiquated and not fitted for the proper operation, regulation and control of a public utility under modern conditions;

And whereas the said Alexandria Water Company has itself violated said charter to the injury of the city of Alexandria, by undertaking to lay mains and furnish water to other communities, thereby decreasing the available supply in this city;

And whereas a clearer understanding of the rights of the city and its citizens in respect to the Water Company is deemed necessary;

Therefore Be it Resolved: That a special committee, composed of two members of the Common Council and two members of the Board of Aldermen, be appointed by the presidents of the respective boards, which said committee shall have full power and authority to investigate fully any questions concerning the water supply furnished by the Alexandria Water Company, the quality and adequacy thereof, the condition and size of the mains, pipes and reservoirs, the rates of water rent charged to consumers, and such other matters as said committee shall deem proper. The said committee shall report to Council specifically, the following things:

First: Whether the water supply for extinguishing fires in the city is adequate, and if not, the recommendation of the committee for obtaining a sufficient supply.

Second: Whether or not the rates charged by the Alexandria Water Co. to consumers is excessive in comparison with the rates charged in other cities.

Third: The advisability of applying to the General Assembly to amend the act incorporating the Alexandria Water Company in accordance with the suggestion contained in the opinion of the Supreme Court of Appeals in the case of Alexandria Water Company vs. Wheat.

Fourth: The advisability of applying to the State Corporation Commission to readjust and lower the prices charged by the said Company to its consumers, and to compel the said Company to instal larger mains where needed and to provide an adequate supply of water for all purposes, with a sufficient pressure.

The said committee shall have the power to compel the attendance of witnesses, to administer oaths for this purpose of conducting the investigation herein provided for, to confer with the officials of the Alexandria Water Company, and to hold such hearings as may be deemed necessary, which said hearings and conferences shall be open to the public.

That sum of fifty ($50.00) dollars so much thereof as may be necessary, is hereby appropriated for the purpose of paying any expenses which may be incurred by said committee in hearings as may become necessary, to make their report.

A communication from the Clerk of the City School Board notifying Council of a vacancy on the Board from the Third Ward, was received, and the election was laid over until the next meeting.

A petition from Charles R. Clark to erect a garage at the corner of Fairfax and Wilkes streets was referred to the committee on streets.

A resolution by Mr. Bryan appropriating $1,000 to secure plans, specifications and supervising of a building for a new high school, was referred to the joint committee on schools and public property.

A petition from property owners on Columbus street between Duke and Wolfe streets opposing the erection of a colored moving picture theatre on said block, was referred to the committee on general laws.

A petition from Wm. Demaine & Son calling attention to a proposed moving picture building to be located at 815 King street, and requesting that a permit be not issued until the matter is thoroughly investigated.

An ordinance to prevent the spilling of illuminating oil or gasoline on the streets, was received from the Board of Aldermen, read three times, and passed.

A report of the committee on fire, on the inadequate supply of water, which was received from the Board of Aldermen at the last meeting and laid on the table, was called from the table and the action of the Board of Aldermen concurred in, and the matter referred to the special committee investigating the Alexandria Water Company.

A report of the committee on streets granting to the Mutual Ice Company the use of sufficient cobble and brick for gutters, and old curb for improvement to roadway and wharf property at the foot of Cameron street, was received from the Board of Aldermen and their action concurred in.

The following was received from the Board of Aldermen and their action concurred in:

A resolution appropriating $700 for roadway and gutters on Oronoco streets, Washington to St. Asaph St.

Also a resolution for $750 to cobble stone Oronoco street, from St. Asaph to Pitt street.

Also a resolution for $900 to cobble stone Fairfax street, from Princess to Oronoco street.

Also a resolution for $1,350 for a pipe sewer, Wythe street, Alfred to Columbus streets, and half square north and south of Columbus street.

NEWS OF THE DAY

Ernest McWilliams, aged fifteen, held fifteen policemen at bay yesterday in Terre Haute, Ind., and fired nearly 100 shots at them from his position in a gun store, which he was robbing. The police finally shot the boy, wounding him six times.

Beginning April 1, 375,000 coal miners in practically all bituminous coal States will cease work. Negotiations between the operators and miners of the central competitive States—Western Pennsylvania, Indiana, Ohio, and Illinois—which have been in progress in Chicago, were broken off yesterday. The conference adjourned sine die.

Bichloride of mercury, taken 31 days ago, was responsible for the death last night of Mrs. Ruth Catherine Hales, bride of four months, who died from the effects of the poison in Washington. Mrs. Hales, a beautiful girl, only 18 years old, was the wife of Pearce Hales, a salesman in a Washington music store.

While alone in his residence at Chevy Chase, Md., yesterday, William D. Henry, a well-known member of the District of Columbia, and Montgomery county bars, shot himself in the right side of the head and died two hours afterward.

Mrs. Martin W. Littleton it is said has consulted American and European astrologists, and is certain the United States government will secure Monticello, the Thomas Jefferson home. "My psychological instinct tells me that the fate of Monticello is decided, and I am going back to my farm in Long Island. It is only a matter of weeks before the American people will own the deed. Astrologists have so advised me."

While on his way home from work early yesterday in Elizabeth, N. J. Stephen Milerino, an Italian laborer, was slain with an axe. The murderer cut Milerino's head nearly in two. The police believe the victim was mistaken for some one else in the darkness.

The gravity of the Japanese political situation was intensified yesterday by the resignation of the cabinet headed by Premier Count Yamamoto. The country is now without Parliament or a ministry, the Emperor having prorogued the diet Monday. The budget has not been passed and a final crisis is threatened.

Michigan Law Constitutional.

Washington, March 25.—The Supreme Court after handing down a few decisions Monday, took a recess for two weeks.

The court affirmed the judgment of the Supreme Court of Michigan upholding the conviction of the Carl Eberle Brewery, in Jackson county, Mich., of having manufactured and sold beer in violation of the local option law in that State. The brewing company had attacked the validity of the statute, on the ground that an amendment made to it several years after it was passed permitted the manufacture of wine and cider in quantities less than five gallons. This legislation was attacked as discriminatory.

The Supreme Court of Michigan held that the amendment to the act was invalid, but that the defendants had been properly convicted under the original act, which was still in force, which judgment was affirmed by the Supreme Court.

SUICIDE OF PROF. PECK.

Famous Scholar Who Figured in Sensational Case, Takes His Life.

Stamford, Conn., March 25.—Harry Thurston Peck, a former professor at Columbia University, committed suicide here yesterday in a rooming house by shooting himself.

Harry Thurston Peck was a writer of note, and for 38 years was professor of ancient languages at Columbia University. He left that institution more than three years ago because of notoriety incident to a breach of promise suit for $50,000 brought against him by Esther Quinn, a stenographer. Shortly after the filing of the suit Dr. Peck filed a voluntary petition in bankruptcy. He gave his assets as $260.

In March, 1912, Miss Quinn's suit was dismissed as insufficient. Later she filed another action now pending.

Dr. Peck dropped out of sight after his retirement from Columbia, and did not come before the public eye until April of last year, when he became critically ill at Ithica, N. Y., suffering with nervous breakdown.

Dr. Peck was born in Stamford, in 1856, and was educated in this country and abroad. He was an authority on Latin and the classics, and was the author of numerous books.

REFUSE TO CARRY MILITIA.

Trolleymen Suspended for Sympathy With Depew, N. Y., Coupler Employes.

Buffalo, N. Y., March 25.—The crews of 12 street cars of the International Railway Co., were today suspended from duty because they refused to run cars containing militiamen on their way from armories to the railroad stations. Inspectors and division superintendents were compelled to man the cars.

Bad blood has existed between the street car men and the militia ever since the street car strike, of 1913 when the soldiers were called on to quell rioting.

The soldiers were sent into the stockade of the Gould Coupler Company's yards at Depew.

The appearance of the soldiers awed the strikers for the time being at least. Knots of the men gathered at points outside the stockade gates and watched the proceedings in silence. Less than 200 strikebreakers made the trip from Buffalo on the work train today. Usually there are from 700 to 1,000.

Fatally Burned.

Norfolk, Va. March 25.—Jack Houston, a boilermaker employed at the Seaboard Air Line Railway shops, was probably fatally burned at 11:15 o'clock yesterday by an explosion of gas in an oil tank car, into which he had gone to make repairs.

Dr. C. H. Barlow saw the injured man a few moments after he had been taken out of the tank and had him removed to the King's Daughter's Hospital. Dr. Barlow expressed the belief that the burns would prove fatal.
